

Board of Directors Profile

Kirk Simoneau

Nixon, Raiche, Vogelman, Barry, Slawsky & Simoneau

Kirk Simoneau is a native of Nashua, New Hampshire. A graduate of the University of New Hampshire School of Law (formerly Franklin Pierce Law School) *magna cum laude*, Attorney Simoneau was a member of the Daniel Webster Scholar Honors Program, a specialized program of law learning with the goal of preparing lawyers to practice law without the necessity of serving as law clerks, interns or taking a bar exam. Kirk was, happily, second in his class and a member of the school's moot court team. Prior to law school Attorney Simoneau earned a degree in English from the University of New Hampshire.

Attorney Simoneau came to the practice of law for very specific reasons. As the sole eyewitness to a hit-and-run drunk driver killing his pedestrian father, he learned the criminal, probate, and civil law practice in the state of Florida as a participant; and thus developed the goal of helping those harmed by the negligence of others accompanied by a high level of personal understanding, caring, and concern. Kirk is deeply committed to aiding the disabled and downtrodden. In that respect, he has served as an extern at the Disability Rights Center, and, while there, helped prepare a winning Appeal before the New Hampshire Supreme Court. His efforts have also resulted in the creation of the Normand L. Simoneau Community Room at the Northeast Deaf and Hard of Hearing Services, in memory of his late father.

Prior to law school Attorney Simoneau was an author and lecturer. He currently serves on the Board of the New Hampshire Academic Decathlon, his family's charitable foundation, and has been a member of numerous other charitable and civic groups, including, the board of directors of the Nashua Senior Activity Center. Knowledgeable in American Sign Language and having two deaf parents, Attorney Simoneau has a particular empathy for the deaf. Professionally, he has recently briefed and argued, successfully, two cases in the New Hampshire Supreme Court, and also participated in several, also successful, trials, including a medical malpractice action. His practice involves all types of litigation, including personal injury, wrongful death, discrimination and *pro bono* legal assistance to the disadvantaged.

Attorney Simoneau lives in Bedford, New Hampshire with his wife Anne and three young daughters, Elizabeth, Abigale and Rebecca as well as his mother, Linda. On his days off, Kirk still tries to hit golf balls and write the great American novel.
